Vanity Finishings

## CRISOL<sup>®</sup> by CRISTINA

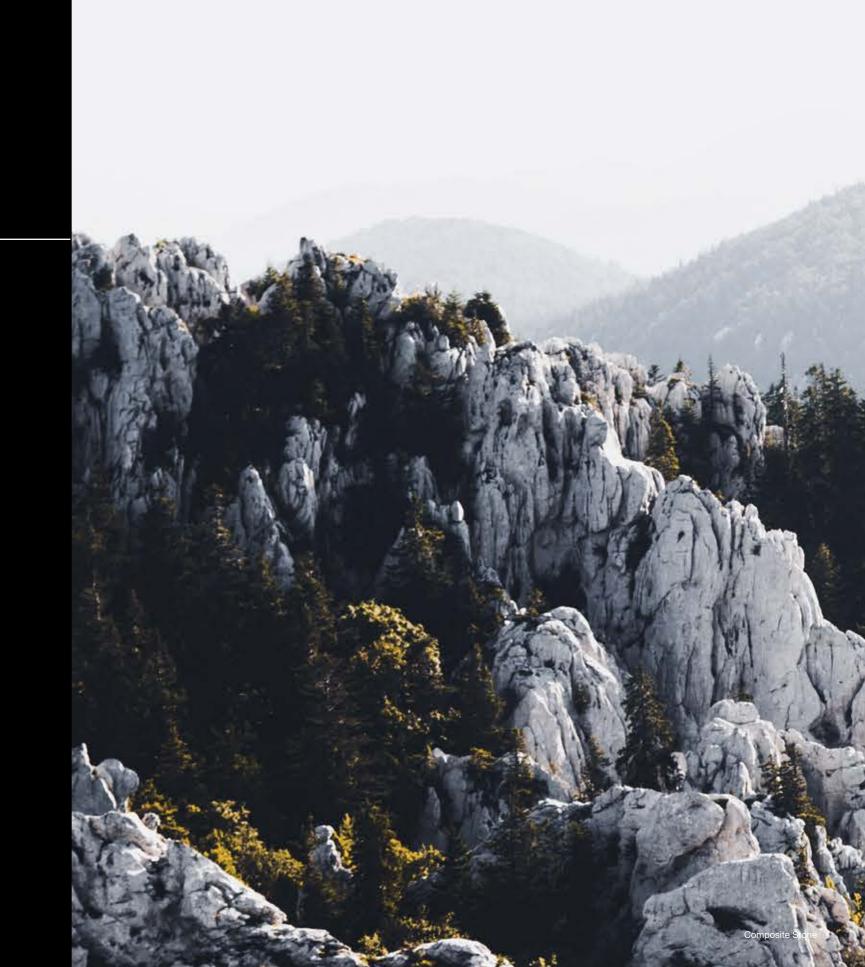

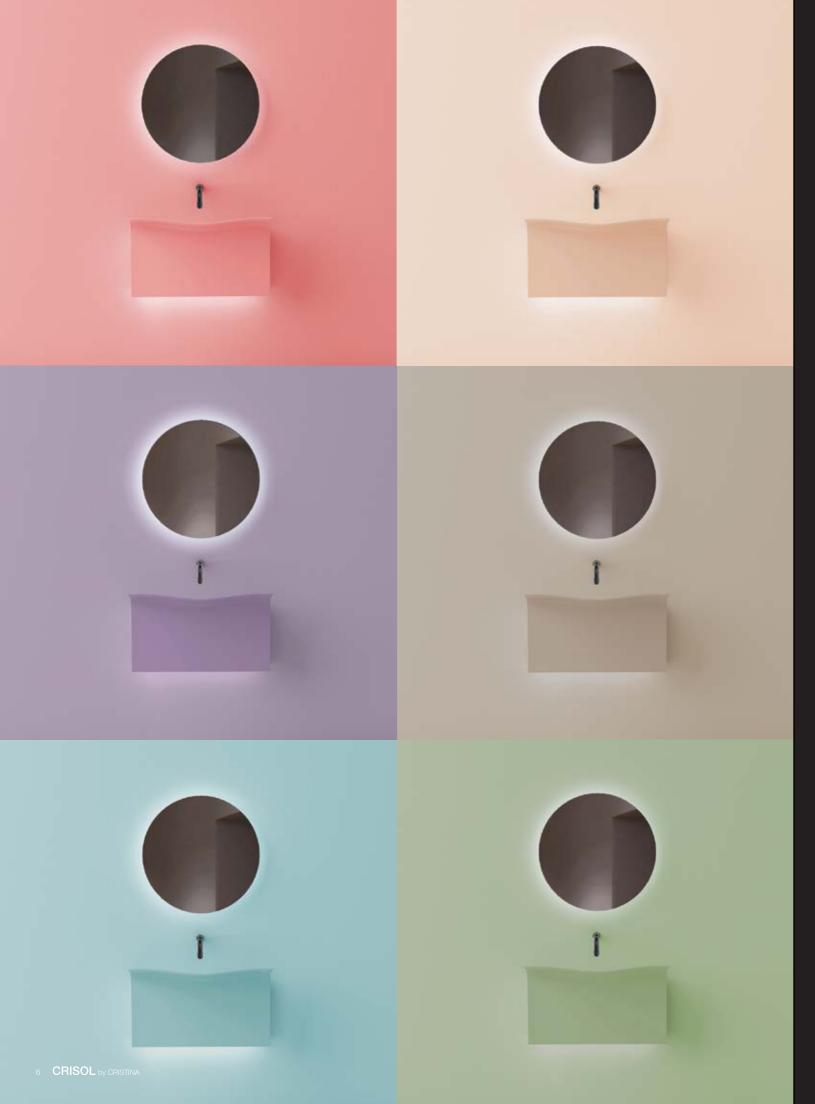

with a philosophy to perform on a contemporary-to-present spirit for designs of architectural wares manufactured with solid surface material or also known as stone composite.

# composite stone.

#### CRISOL<sup>®</sup> composite stone

is a material made from reclaimed stone minerals composited by plastic-resin. our synthetic materials strive to perform better than conventional natural stone, while being artificially engineered, we keep the product appearance close to nature. its properties are chemically controlled, concocted to serves un-exessively.
